

Evaluation of Plankton Production Workshop: 2-6 July 2007, Athens, Greece

All training participants were asked to fill in an evaluation form with regards to the training workshop that took place in Athens, in July 2007, organised by the Hellenic Centre for Marine Research. The evaluation results, as provided by the participants, are given below:

- ❖ **75% of people said the training met their training needs and objectives**
- ❖ **Everyone agreed that they will be able to use the skills/knowledge acquired during the course**
- ❖ **75% of people strongly agreed that the pace of the programme was appropriate for the course**
- ❖ **The majority (88%) of participants further added that the program provided a good working knowledge of the subjects presented, while the amount of information was sufficient**
- ❖ **All participants agreed that the information was presented effectively, while the comments on the course material organisation and structure were very positive!**
- ❖ **88% of participants also agreed that the instructors covered the subjects clearly and responded well to questions, and that there were sufficient opportunities provided for interaction and participation**
- ❖ **The comments received in order to improve future training workshops included more training days onboard, as well as splitting into smaller groups in the laboratory**

Thank you all for attending and taking the time to send us your comments...
