- 4th GA Meeting & 2nd Scientific Workshop, Villefranche, France, 9-12 November 2009

The 4th GA Meeting will take place from 9-12 November in Villefranche. The GA will last 1½ days (9 and 10 - until noon). The first day will be devoted to presentations of the WP progress and deviations - issues of concern by WP leaders. The morning of 10th November will be devoted to administrative issues and approval of the next implementation plan, while the Advisory Board Meeting will be held on the same afternoon. The Scientific Workshop will be held on the 11 and 12 November in the same place. More information will come over the next few weeks.

- SESAME session at the 39th CIESM Congress - Venice, Italy, 10 - 14 May 2010

The 39th CIESM Congress will be held in Venice from 10-14 May 2010. It will cover a broad diversity of marine disciplines, corresponding to the six Scientific Committees of the Commission. There will be a special session (one full morning panel) dedicated to SESAME, and its main conclusions and perspectives. For more information about the Congress, at <http://www.ciesm.org>. The deadline for paper submission is 15 November 2009.

- Report of the Stakeholders' conference from the European Maritime Day is available on the SESAME website

A workshop in which SESAME was represented during was held in order to highlight the importance of the science/policy/industry triangular cooperation for the integrated management of sea basins. The report of the stakeholders from European Maritime Day, held in Rome on 19-20 May, can be found under the 'Documents' area of our website. Alternatively, you can follow this link <http://www.sesame-ip.eu/scientist/documents>

- SESAME's Second Summer School Presentations on the website

SESAME's Second Summer School on 'Coupled Ecological Modelling' was successfully completed at the Sundown Courts in Kappara, Malta, from 8 – 13 June 2009. The presentations from the courses are now online, along with more information about the school. To view them, please visit the 'Opportunities' area of the website or follow this link <http://www.sesame-ip.eu/scientist/summer-schools>

- SESAME School Competition results completed and the results are now online!

The results of the 2008-2009 School Competition are now available online! Children between 6-11 years old were asked to create a travel diary about a SESAME oceanographic expedition while children between 12-16 years of age a newspaper published onboard a scientific vessel. All entries were impressive but the winners

have been chosen! To see the winning entries please visit <http://www.sesame-ip.eu/public/SESAME-competition-2008-2009>

- International Conference on Coastal Conservation and Management in the Atlantic and Mediterranean, 11-17 April 2010, Cascais, Portugal

The New University of Lisbon, the Cascais Municipality, the Cascais Energy Agency, the Cascais Atlantic Agency and the Organizing Committee, are pleased to announce the International Conference on Coastal Conservation and Management in the Atlantic and Mediterranean (ICCCM2010), that will be held from 11-17 April 2010 at Estoril, Cascais, Portugal. The pre-registration opens on 1 June 2009 while the abstract submission deadline is 25 September 2009. For more information, please visit <http://icccm.dcea.fct>

- 1-year post-doc position on hydrodynamics and sediment modelling of the Seine estuary at IFREMER, France

PHYSED laboratory (Coastal waters and sediment dynamics laboratory) at IFREMER (French Research Institute for the exploitation of the Sea) invites applications for a one year post-doctoral position to work on hydrodynamics and sediment modelling of the Seine estuary (France): 'Simulation and analysis of hydrodynamics and sediment transport patterns in the Seine estuary during the period 1950-2000.' This post-doctoral research is funded by the Seine-Aval Research Programme as part of AQUAREL project. For more information, and details on how to apply, please see http://www.sesame-ip.eu/scientist/news_scientist#news126
