- New abstract on species invasion and climate change in the eastern Mediterranean Sea

A new abstract on species invasion and climate change in the eastern Mediterranean Sea has now been uploaded on the website. All members of the Consortium are encouraged to approve the abstracts according to SESAME's Publication Strategy. To view the document, please visit the 'Publications' section of the 'Partners Only' area or use the link <http://www.sesame-ip.eu/scientist/partners-only>

- Deadline set for paper submission for 2nd SESAME's Scientific Workshop, Villefranche, France, 11-12 November 2009

The deadline for paper submission for the 2nd Scientific Workshop is 18 September 2009. Please note that an extended abstract of two pages (illustrations could also be included) is needed this year. The final programme will be circulated by the end of October.

- PhD position in Climate change and Coastal Evolution, Utrecht University, The Netherlands

The Faculty of Geosciences at Utrecht University offers the PhD position 'Extreme storms and coastal evolution under accelerated sea-level rise' in a vibrant research group within the department of Physical Geography and the Institute for Marine and Atmospheric Research Utrecht (IMAU). The PhD will aim to quantify future mid-latitude coastal change under the global-warming induced prospects of changes in surge levels, storm-wave characteristics, and sea-level rise. More information can be found at <http://www.uu.nl>. The closing date for this position is 1 September 2009.

- IOI Malta Training Course on Regional Ocean Governance, 9 November - 11 December 2009, Malta

The IOI Malta Training Course on Regional Ocean Governance for Mediterranean and Eastern European countries will take place from 9 November - 11 December 2009 in Malta. The emphasis of the course will be on the implications of the EU maritime policy for the European regional seas and the practical implementation that takes into account the particularities of different seas. The course will benefit mid-career professionals, government officials, educators and researchers, preferably with coastal/marine-related backgrounds. The deadline for applications is 8 September 2009. For more information on how to apply, please download the relevant document from http://www.sesame-ip.eu/scientist/news_scientist#news129
