

Southern European Seas: Assessing and Modelling Ecosystem changes

Latest News

- The Annual Project review by the Commission is now available online

The Annual Project review by the Commission's reviewers has now been uploaded on the SESAME website, and more specifically under 'Project Documents' of the 'Partners Only' area. You may log in with your username and password to view or download the document. To be taken there directly, please click <http://www.sesame-ip.eu/scientist/partners-only>

-EGU General Assembly, 2-7 May 2010, Vienna, Austria

The EGU General Assembly 2010 will bring together geoscientists from all over the world into one meeting covering all disciplines of the Earth, Planetary and Space Sciences. The EGU acts as a forum where young scientists in particular, can present their work and discuss their ideas with experts in all fields of geosciences. A session of interest to SESAME is the 'Ocean Margin Processes' one, convened by Prof. G. Shapiro. The purpose of this session is to share recent findings in the study of exchange processes between shelf seas and the open ocean. For more information on the EGU and all other sessions please visit <http://meetings.copernicus.org>

-IMBER IMBIZO II: Integrating biogeochemistry and ecosystems in a changing ocean: Regional comparisons, 10-14 October 2010, Crete, Greece

IMBER is an IGBP-SCOR project focusing on ocean biogeochemical cycles and ecosystems research. The goal of IMBER is to investigate the sensitivity of marine biogeochemical cycles and ecosystems to global change, on time scales ranging from years to decades. IMBER IMBIZO II will be held on 10-14 October 2010, in Crete, Greece. The deadline for abstract submission is 15 April. For more information, please visit <http://imbizo-2010.confmanager.com>

This is an e-mail circulated to the SESAME mailing list. If you wish to subscribe or unsubscribe to this mailing list please email mpapath@ath.hcmr.gr.

SESAME IP is funded by the European Commission's Sixth Framework Programme, under the priority Sustainable Development, Global Change and Ecosystems.
