

Southern European Seas: Assessing and Modelling Ecosystem changes

Latest News

- New DoW has been uploaded on the website

The new Description of Work for the period T37-54 is now available online, in the 'Partners Only' area, under the category 'Project Documents'. If you wish to view it or download it, please visit <http://www.sesame-ip.eu/scientist/partners-only> and log in with your username and password.

- Ph.D. positions at the Institute of Biology, University of Southern Denmark

A total of 6 Ph.D. positions are available at the Institute of Biology, University of Southern Denmark. Three of the positions are in macrophyte research (freshwater/marine) and biogeochemistry. All applicants are welcome while applicants with a M.Sc. from other national and international universities are encouraged to apply. Please visit <http://www.jobs.sdu> to check the deadlines and availability status.

- Integration Committee Meetings available online!

The minutes from the Integration Committee meeting, which took place in Athens, at the HCMR premises, in September 2009, have now been uploaded on the website. If you would like to download or view the minutes, please visit the 'Partners Only' area of the website and log in. Alternatively, please click here <http://www.sesame-ip.eu/scientist/partners-only>

This is an e-mail circulated to the SESAME mailing list. If you wish to subscribe or unsubscribe to this mailing list please email mpapath@ath.hcmr.gr.
SESAME IP is funded by the European Commission's Sixth Framework Programme, under the priority Sustainable Development, Global Change and Ecosystems.
